SECURITY PADLOCKS

Security Tech Germany

THE ORIGINAL 83 SERIES®
83 Series locks can be keyed into many popular keyways. A variety of high-quality material options and patented features makes this series the security professional's padlock of choice.

DISKUS®
Developed by ABUS, the disk-shaped padlock offers superior protection against attacks.

WEATHERPROOF
Made of rust-resistant materials to withstand harsh environments.

COMBINATION
High security and ultimate convenience with keyless entry.

GRANIT™
Granit™ has the pulling resistance of six tons, making it one of the most secure padlocks in the world.

CUSTOM LASER ENGRAVING
Customize a lock for quick and easy identification.

SECURITY SOLUTIONS

Security Tech Germany

SECURITY CHAIN
Square links made of hardened steel make ABUS chain virtually impossible to cut. Available with or without a fabric sleeve.

HASPS
The perfect padlock accessory! ABUS offers a variety of hasps that are ideal for locking gates, doors and equipment.

FILE BAR
The best solution for securing multi-drawer filing cabinets.

KEYGARAGE™
Securely store keys and access cards.
